## Prayer List

**Basolo Family Update:** **Becca**, former member, had successful 10-hour surgery last Friday to remove multiple areas of Cancer that was found. She will now have a Colostomy bag and will also have to undergo Chemotherapy. Prayers for **Becca** and the family as they go through this transition; and for **Becca's** overall health.

**The Hayden's:** **Tony's** mother, **Helen Hayden**, has been placed in Hospice care in Illinois. Prayers for **Helen & the family**. Helen's address: **C/O Tina Gregory PO Box 112 Green Valley, IL. 61534**

**Andy Payson's Update:** grandson, **Gabe**, this last treatment did NOT kill the Philadelphia Chromosome. They will now move forward with Carr T Cell Therapy (*trial phase for Gabe's cancer*). **Gabe** will go through another round of Chemotherapy & Immunotherapy as he waits for his "trained" T Cell's to be readied for transfusion and keep his cancer from growing. Transplant is put on hold. Continued prayers for **Gabe**, his family, & his medical team.

**Sheila Robertson Update:** her **Uncle Jimmy** was placed in Hospice recently; prayers for her **Aunt Rita & family** as they go through this difficult time. Prayers requested for her brother-in-law, **Frank**, his recent full body scan showed 10 lesions on his brain & that the cancer in other areas of his body has grown. Prayers for **Frank & his family**.

**Debbie Tozser Update:** her brother, **Gary**, is not doing well at this time. Continued prayers are requested for his healing & comfort.

**Maureen Williams** continued prayers requested for her as she is experiencing problems with her COPD. Prayers for her overall health to improve.

**The Wilson's** prayers requested for their brother-in-law, **Steve Nesary**. He is at home now and gradually improving. The doctor thinks he could recover enough to where no one will even know he had a stroke. Continued prayers for his full recovery.

*"I want to express my heartfelt gratitude to all my brother & sisters for their support during this challenging time. Becca's 10-hour surgery was successfully completed. Unfortunately, the doctors found Ovarian cancer, Colon Cancer, & Liver Cancer. Despite the daunting diagnosis, they are confident that they removed it all. There were some unexpected procedures during the surgery that will extend her healing time. Becca will undergo Chemotherapy as a precaution to ensure all Cancer cells are eradicated. We have set up a Go Fund Me Page (Becca Basolo) to help with additional expenses. Your prayers mean everything to us, and I'm deeply thankful for each one of you! Please don't feel obligated, prayers were answered and that alone was enough!"*  
~ Domenick Basolo
