

Dear Family,

The flood of 2019 has been devastating and many in our own backyard have been affected who have lost **EVERYTHING!** Their lives are turned upside down as they continue to struggle to find a place to live and begin to make sense of the devastation. We have heard many stories over the past few months that would tear you apart.

HELP NEEDED UNLOADING- Semi trucks of mattresses, furniture and appliances are delivered and distributions occur every week except for holidays. We desperately need help unloading these trucks! These times vary, but you can sign up via [Signup-Genius](https://www.signupgenius.com/go/8050c4faeaf28aafd0-flood) (<https://www.signupgenius.com/go/8050c4faeaf28aafd0-flood>) for Truck Unloading. Individuals just need to scroll down to the date they can volunteer, click box next to "Sign Up" on corresponding date and then click "Submit and Sign Up". Then simply fill in name, email, phone # and you're done!! Please check frequently as we are often given only a day's notice of truck's arrival.

Distribution of items take place: Fridays: 10:00-2:00 & Sundays: 1:00-5:00. Please consider serving alongside your brothers and sisters as they check forms, provide guidance, etc. This is a sit down position.

We also **NEED LOADING HELP** of items into families trucks/trailers during this same time. This is **MANUAL LABOR** and requires lifting and tying down items with rope. We need people to help desperately! Please see **PATTI ESTANIQUI** if you can volunteer. The earlier you can inform her of your willingness to serve the better.

Please come and help the Flood Relief team- we are Operation Lifeline- a lifeline to hope and pointing these victims of the flood to Jesus who is the Lifeline to Eternal life.

These families need us, they are not across the sea or the other side of the country, they are in our in our backyard in Paradise Lakes, Green Acres and surrounding areas. This is an opportunity to serve God's mission in our local community. This effort will continue, not for a week, but will go on for months or years.

Please continue to pray and may God touch your hearts with this serving opportunity to help those with the least. If you have questions about serving, please contact **Patti Estaniqui**.

Thank You,

Operation Lifeline Relief Team
